

Malar implants

Nasal dorsal implants

Facial Implants

A selection of malar, nasal dorsal and chin implants for shaping an individual aesthetic facial contour

Chin implants

Implants made by POLYTECH – QUALITY made in Germany

Facial Implants, CE 0483

Information on Materials

Facial implants consist of a smooth silicone elastomer. The malar implants are equipped with pierced holes for fixation.

Production of the implants is based on a quality management according to ISO 9001 and ISO 13485. All materials used are of implantable medical quality.

Indications

- Augmentation
- Contour correction
- Reconstruction, e.g. after trauma
- Implant exchange

Important Information

Facial implants are delivered individually packed and sterile.

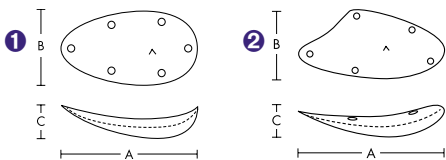

Attention: Please note the detailed instructions for use included with each product.

Malar implants

Silicone elastomer, smooth, individually packed, sterile, CE 0483

Order n°	Dimensions (cm)			
	A	B	C	
Symmetrical design (1)				
10012-039 ¹	3.9	2.0	0.3
